

New pedestrian routes through existing planted space to provide access to this space and a new route to the community room in block 1

Front courtyard space to be landscaped with low brick wall planter beds with low ground cover and hoggins/brick paths and bench seating. Additional trees to be planted in central area and at corners

Rear open space to be landscaped with mature trees to be retained and woodland planting, ferns, bluebells, wild garlic, long grass etc. Woodland area to have paths running through the space.

Landscaping strategy

Indicative materials and planting palette
