LOCAL GOVERNMENT ACTS 1925 - 2014

RECORD OF EXECUTIVE BUSINESS CHIEF EXECUTIVE'S ORDERS

APPLICATION FOR LICENCE FOR EVENTS AT MARLAY PARK

On dates including Tuesday 24th June, Saturday 28th June, Tuesday 1st July, Saturday 5th July, Sunday 6th July and two more concerts to be confirmed between 24th June and 10th July 2025 inclusive.

Reg. Ref. OEL/01/2025

Case Planner: Cathal O'Sullivan

LEGISLATIVE CONTEXT

Planning and Development Act, 2000, as amended;

ii. Planning and Development Regulations, 2001, as amended;

iii. Planning and Development (Amendment) Regulations 2015.

Part XVI of the Planning and Development Acts, 2000, as amended, provides for the requirement of a licence for the holding of outdoor events. Section 231 refers to Regulations relating to matters of procedure and administration for applications and the granting of licences. S.I. No. 600 of 2001 and S.I. No. 116 of 2012 currently pertain. An event is defined in Section 229 of the Act as:

- a. "a public performance which takes place wholly or mainly in the open air or in a structure with no roof or a partial, temporary structure and which is comprised of music, dancing, displays of public entertainment or any activity of a like kind, and
- b. any other event as prescribed by the Minister under section 241."

Article 183 of the Planning and Development (Licensing of Outdoor Events) Regulations, 2001, defines an event as being "an event at which the audience comprises 5,000 or more people shall be an event prescribed for the purposes of Section 230 of the Act."

The following codes of practice and guidelines are also considered relevant to event licences.

- Code of Practice for Safety at Outdoor Pop Concerts and other outdoor musical events Department of Education in January 1996.
- ii. Code of Practice for Safety at Sports Grounds, 1996.
- iii. Code of Practice for Management of Fire Safety in Places of Assembly, Department of Environment.
- iv. Code of Practice for Fire Safety of Furnishings and Fittings in Places of Assembly, Department of Environment.
- v. Ensure compliance is achieved with the requirements of the Fire Services Act 1981 and Amendment 2003 and the Fire Safety in Places of Assembly (Ease of Escape) Regulations 1985.
- vi. Safety Health and Welfare at Work Act 2005.
- vii. Building Control Acts 1990 to 2014.

LOCAL GOVERNMENT ACTS 1925 - 2014

RECORD OF EXECUTIVE BUSINESS CHIEF EXECUTIVE'S ORDERS

viii. Litter Pollution Act 1997 (as amended in 2017).

ix. Environmental Protection Agency Act and regulations.

APPLICATION

On the 19th March 2025 Dun Laoghaire-Rathdown County Council received an application for an events license from Festival Republic Dublin Ltd., on behalf of MCD Productions Ltd. It is proposed that a series of concerts be held on dates including 24th and 28th of June and 1st, 5th, and 6th of July and two more concerts to be confirmed between 24th June and 10th July 2025 inclusive at Marlay Park, Grange Road, Rathfarnham, Dublin 16.

The applicant has submitted a Draft Event Management Plan for the Single Stage Concerts and Longitude, a weekend-long event.

Summary of Proposal

The applicant states that the maximum anticipated attendance at each event is 40,000 people. The applicant states that the events will start at between 13:30 hrs and 15:00hrs. Each event will finish at 23:00hrs.

The Draft Management Plan includes details on the following matters:

- Event Management Structure and Responsibilities
- Event Safety Strategy
- · Medical Provision and Facilities
- Site Security and Stewarding
- Traffic Management Plan
- Emergency Plans
- An environment monitoring programme for before, during and after the proposed event.
- Provision for the full clean-up of the area and for any remedial works arising from any damage caused to public property, facilities or amenities associated with the event.

There is also a list of appendices at the end of the report including the following:

- Appendix 1 Draft Major Emergency Policy V1
- Appendix 2 Draft Fire Safety Management Plan & Risk Assessment V1
- Appendix 3 Draft Traffic Management Plan V1
- Appendix 4 Water Safety Plan V1
- Appendix 5 Offsite Stewarding Plan V1

It is considered that the submission complies with the requirements set out in Article 187 of the Planning and Development Regulations of 2001 in its form and content for the purposes of making an application.

NOTIFICATION PROCESS

Article 186(1) of the Regulations provides as follows: -

LOCAL GOVERNMENT ACTS 1925 - 2014

RECORD OF EXECUTIVE BUSINESS CHIEF EXECUTIVE'S ORDERS

"An application must be made at least 13 weeks prior to the date of the holding of the event to which the application relates or, in the case of an application for a number of events at a venue in a period not exceeding one year, at least 13 weeks prior to the holding of the first event."

The application was lodged on the 19th March 2025 and is therefore in excess of 13 weeks prior to the date of the first proposed event on the 24th June 2025.

Article 186(1a) of the Regulations states: -

"A local authority shall not accept an application for a licence for a proposed event unless a pre-application consultation meeting under article 184 has taken place in relation to the event during the 24-month period prior to the date of the event to which the application relates or, in the case of an application for a number of events at a venue in a period not exceeding one year, 24 months prior to the holding of the first event."

The pre-application consultation meeting was held on the 9th July 2024 and therefore this criterion has also been met.

DECISION ON APPLICATION

S. 231 (3) (a) of the Planning and Development Acts, 2000 (as amended) states that:

"Where an application for a licence is made in accordance with regulations under this section, the local authority may decide to grant the licence, grant the licence subject to conditions as it considers appropriate or refuse the licence."

MARLAY PARK AND HOUSE

Marlay Park is a major public park located in the administrative county of Dun Laoghaire-Rathdown. The park is situated between Grange Road to the north and east and College Road and the M50 motorway to the south. Grange golf course, located within South Dublin County Council administrative area, adjoins the park to the west. The main road access to Marlay Park is via Grange Road to the north of Marlay House. Beyond Grange Road to the north and east there are extensive suburban residential areas. Marlay Park and House are in the ownership of Dun Laoghaire-Rathdown County Council.

The park serves the local community but is also used on a regional basis by the wider population of the Dublin region. The main activities for which the park is used include walking, children's play, team sports on allocated pitches, golf and tourist type activities associated with the House and its walled gardens.

LOCAL GOVERNMENT ACTS 1925 - 2014

RECORD OF EXECUTIVE BUSINESS CHIEF EXECUTIVE'S ORDERS

The park has accommodated significant public events in recent years with a maximum attendance of approximately 40,000 persons.

COUNTY DEVELOPMENT PLAN

In the Dun Laoghaire-Rathdown County Development 2022-2028, the event site is zoned 'Objective 'F'; 'To preserve and provide for open space with ancillary active recreational amenities'. Marlay Park is a Candidate Architectural Conservation Area.

There are also specific objectives within the park to 'Protect and preserve trees and woodlands'. Additionally, there is a Specific Local Objective (No. 47) identified; 'To progress the Masterplan for Marlay Demesne with a focus on the conservation of the heritage of Marlay Park, the provision of quality recreational facilities, maintaining the highest standard of horticultural and landscape presentation and increasing accessibility of the Park, Marlay House and its amenities'.

The Wicklow Way walking route traverses the Park. Marlay Park House is a Protected Structure, which includes the house and stable yard/craft area. Laurelmere House is also a Protected Structure, as is Smith's Lodge and the accompanying gateway entrance at the intersection between Grange Road and La Touche Court. At the entrance from Grange Road into Marlay Park, there is an industrial heritage feature 'letter box'.

Table 13.1.9 of the County Development Plan 2022-2028 outlines the land uses that are permitted in principle and open for consideration on land zoned 'F'. 'Cultural use' is identified as 'permitted in principle'. Cultural use is defined under Section 13.12 of the Plan as 'Use of a building or part thereof or land for cultural or purposes to which the public may be admitted on payment of a charge or free of charge and includes an art gallery, museum, public library or public reading room, theatre, public hall, exhibition hall.'.

It is considered that the licence application complies with the provisions and land use zoning as set out in the Dún Laoghaire Rathdown County Development Plan 2022-2028.

PUBLIC BODIES AND INTERNAL CONSUTLEES

As part of the assessment process, Article 189 (1) of S.I. 600 requires that the licence application be circulated to certain prescribed bodies. In doing so the Council submitted copies of the application to:

- 1. An Garda Síochána,
- 2. HSE,
- 3. South Dublin County Council,
- 4. Wicklow County Council,
- 5. Dublin City Council,

LOCAL GOVERNMENT ACTS 1925 - 2014

RECORD OF EXECUTIVE BUSINESS CHIEF EXECUTIVE'S ORDERS

- 6. National Transport Authority
- 7. Dublin Fire Brigade,
- 8. Irish Rail,
- 9. Uisce Éireann,
- 10. Transdev (LUAS),
- 11. Environmental Health Office, Air and Noise Unit.

DLR Co.Co. INTERNAL CONSULTEES

The application was also referred to the following internal consultees:

- 1. Community, Cultural Development & Parks Department- Parks Section
- Infrastructure and Climate Change Department Transportation Planning Section, Active Travel Section
- 3. Finance and Water Services Department Water and Drainage Section,
- 4. Planning and Economic Development Department Harbour Section [referred in error]
- 5. Architects Department Conservation Section.

Responses were received from the following bodies/internal departments-

Tallaght Gardaí

A written response was received from the Tallaght Garda Station (dated $1^{\rm st}$ April 2025), with the following comment;

I refer to yours of 26th March 2025 and having reviewed said application with my management team I am to request the inclusion of the following condition, and it is placed on the license for this year's proposed events to be held at Marlay Park, Grange Road, Rathfarnham, Dublin 16:

 "In the case of a disagreement in respect of classification or level of abatement, the final decision lies with the Regional Assistant Commissioner for where the event takes place in accordance with the <u>Provision of Garda Services For Certain</u> <u>Events & Associated Charges Policy</u>".

Forwarded.

Sent on behalf of Peter Burke Chief Superintendent Tallaght Garda Station

LOCAL GOVERNMENT ACTS 1925 - 2014

RECORD OF EXECUTIVE BUSINESS CHIEF EXECUTIVE'S ORDERS

<u>Uisce Éir</u>eann

A written response was received from Uisce Éireann (dated 24th April 2025) with the following comment:

Uisce Éireann (UÉ) has reviewed the plans and particulars submitted with the application and has no objections in principal subject to the following;

To ensure adequate provision and protection of water and wastewater facilities, Uisce Éireann recommends that,

- Where the Event Manager / Promoter proposes a new connection to public water mains, they shall sign a connection agreement with Uisce Éireann prior to any works commencing and connecting to the network and adhere to the standards and conditions set out in that agreement.
- 2. The Event Manager / Promoter should be cognisant of the potential impact that such an event could have on the water environment and should encourage water quality protection and water conservation as part of the event management. Traditionally, Local Authorities would have assisted local events in the provision of water services either directly or in conjunction with neighbouring Local Authorities. Uisce Éireann, the national water utility, now has responsibility for the delivery of water and wastewater services to homes and businesses.
- 3. Wastewater collected at temporary sanitary facilities must be disposed of in an appropriately licensed waste or wastewater treatment facility. If the intended disposal route is to import the wastewater to an Uisce Éireann wastewater treatment plant, then the Uisce Éireann imported wastewater application process must be adhered to by the Event Manager. The Event Manager must apply to Uisce Éireann a minimum of eight weeks in advance of any imports being received. An application form can be requested by emailing imports@water.ie or made via the attached link.
- 4. The Event Manager should endeavour to ensure that any temporary food outlets are operated appropriately in relation to the disposal of oils, fats and greases in order to minimise impacts on the wastewater collection and/or treatment system.
- 5. There shall be no build over of public infrastructure from these proposals. Separation distances as per Uisce Éireann's Standards Codes & Practices shall be achieved where public infrastructure is in situ within and/or adjacent to site boundaries*.
- 6. The development shall not impact public drinking water sources and/or abstraction point(s) and/or abstraction infrastructure**.
- All development shall be carried out in compliance with Uisce Éireann Standards codes and practices.

LOCAL GOVERNMENT ACTS 1925 - 2014

RECORD OF EXECUTIVE BUSINESS CHIEF EXECUTIVE'S ORDERS

Queries relating to the terms and observations above should be directed to planning@water.ie

Advisory Note(s):

*Uisce Éireann does not permit build over of its assets. Separation distances from public infrastructure, as per Uisce Éireann's Standards Codes and Practices must be achieved. It is the applicant's responsibility to submit a diversion enquiry to Uisce Éireann Diversions Section (diversions@water.ie) prior to construction, where a potential build over of public assets is in question and/or where the applicants proposals cannot achieve separation distances from public infrastructure as per UÉ Standards & Codes of Practice.

**It is Uisce Éireanns current policy to maintain safe and secure drinking water supplies and ensure that development will not give rise to any deterioration in water quality. Development proposals shall not impact public drinking water sources and/or abstraction point(s). It is a requirement of the Water Framework Directive that waters used for the abstraction of drinking water are protected to avoid deterioration in quality. Protection of drinking water source(s) from potentially adverse impacts is a priority for Uisce Éireann.

Environmental Health Office, Air and Noise Unit (HSE)

A written response was received from the Environmental Health Office, Air and Noise Unit (dated 10th April 2025), with the following comments;

Observations and Recommendations:

The application is acceptable Environmental Health Service subject to the following conditions:

Sanitary Services

1. The numbers of sanitary accommodation (including a minimum 2 disabled toilets) must comply with the standards set out in the Code of Practice for Safety at Outdoor Events (Department of Education 1996). The following is required:

	WC	URINAL
	Units : No. of Persons	Units : No. of Persons M. Lengths
Female	10 : 1000	-
Male	2 : 1000	8 : 1000 or 3.6m : 1000

LOCAL GOVERNMENT ACTS 1925 - 2014

RECORD OF EXECUTIVE BUSINESS CHIEF EXECUTIVE'S ORDERS

Toilet blocks must be placed in suitable locations that are easily accessible at all stage areas.

- 2. All sanitary accommodation units must be in situ and in proper working order a minimum 24 hours prior to the commencement of the outdoor events and are accessible for inspection by the Environmental Health Service.
- 3. Separate sanitary facilities (including wash hand basins and hand drying facilities) for food workers must be provided in addition to and separate from sanitary facilities for other users.
- 4. A suitable non-slip surface, adequately drained must be provided to all sanitary accommodation areas.
- 5. It is recommended that no non-flush chemical toilets are to be used.
- 6. There must be wall-mounted receptacles which dispense liquid antibacterial gel. These must be supplied in sufficient numbers outside each block of toilets and they must be in proper working order for the duration of the outdoor events. The gel shall be replaced as required. Signs of sufficient size stating "anti-bactericidal gel" must be erected in areas where the public can see.
- 7. It is the responsibility of the Event Organiser to ensure that all sanitary facilities are maintained in a clean and hygienic condition. Record keeping of the cleaning programme may be reviewed by the Environmental Health Service.
- 8. The requirements of the Drainage Section of Dun Laoghaire Rathdown County Council in relation to the disposal of wastewater from the sanitary accommodation and urinals shall be adhered to.

Drinking Water

- 10. Drinking water must be in compliance with the European Union (Drinking Water) Regulations 2014. A **Drinking Water Safety Management Plan** must be contained within the Event Management Plan and this plan shall include Microbiological and Chlorine sampling of the proposed water source. The microbiological sampling must be carried out to the mains water public supply to confirm that the drinking water complies with the above regulations. This sampling must be taken a <u>Minimum of 14 Days before</u> the date of the first event.
- 11. Microbiological sampling must also be taken from the drinking water outlets (after the pipework/distribution system has been flushed) prior to the commencement of the outdoor events. The water distribution network should be super chlorinated and flushed prior to use in order to ensure that the network s sanitised and suitable for the distribution of potable water and a record of this should be maintained by the 'event Organiser.

LOCAL GOVERNMENT ACTS 1925 - 2014

RECORD OF EXECUTIVE BUSINESS CHIEF EXECUTIVE'S ORDERS

Results of all water analysis must be sent to the Environmental Health Service prior to the commencement of the outdoor events.

- 12. A Drinking Water Contingency (Emergency) Plan must be prepared and implemented in the event of drinking water contamination or an insufficient supply of drinking water. Any serious incidents shall be notified immediately to Irish Water and Dun Laoghaire Rathdown County Council. The use of emergency potable storage back up tank is advised, such storage tank must be capable of supplying enough water to the event in the case of an emergency and the water must be in compliance with the aforementioned regulations. Adequate disinfection of the emergency supply must be undertaken prior to use.
- 13. A map of all drinking water pipe connections (permanent and temporary) and the location of original water sources must be drawn up and maintained by the Event Organiser.
- 14. It is recommended that chlorine testing should be taken throughout each day of the event, at the point of use locations around the site to indicate that adequate levels of chlorine are reaching all areas of the site. The chlorine results should be documented and maintained by the Event Organiser. If low levels of chlorine are recorded, then remedial action should be taken as a matter of priority.
- 15. A minimum of one drinking water supply point shall be provided per thousand persons attending each event. The drinking water facilities should be dispensed through spring-loaded taps and should have adequate waste drainage. The drinking water points must be located near the main stage areas and adequate signage must be put in place to indicate the drinking water supply points. The drinking water supply points must be thoroughly cleaned and sanitised prior to the commencement of the outdoor events and also during each day of the events. A suitable non-slip surface that is adequately drained must be provided at each location.

Noise Monitoring

- 16. The music noise level shall not exceed 75 dB LAeq) over a fifteen minute period, at 1m from the façade of any noise sensitive premises for the events being held.
- 17. The applicant shall appoint a qualified and experienced noise control consultant to liaise between the event promoter, the sound engineer and the Environmental Health Officer for Noise control on all matters relating to the noise control prior to and during the event.
- 18. The appointed noise control consultant shall monitor the music noise levels at 30min intervals to ensure noise levels are not exceeded. The Environmental Health Officer (s) shall have access to the results of the monitoring at any time and a copy of these shall be forwarded to the Environmental Health Officer(s) within 3 working days after the event.

LOCAL GOVERNMENT ACTS 1925 - 2014

RECORD OF EXECUTIVE BUSINESS CHIEF EXECUTIVE'S ORDERS

- 19. The applicant shall comply with the specific noise levels at the nearest noise sensitive area during rehearsals, sound checks and the event. Sound checks shall not be carried out during state exams.
- 20. There shall be no activities carried outside of the permitted hours that are likely to cause a noise nuisance to residents such as dismantling the stage, movement of equipment etc.

Dublin Fire Brigade

A written response was received from Dublin Fire Brigade (dated 7th April 2025).

Please find below our observations in respect of this licence application. The following items will need to be addressed.

- Finalised Event Management Plan to be submitted a minimum of two weeks (10 working days) in advance of the event.
- Finalised Drawings to be submitted a minimum of two weeks (10 working days) in advance of the event:
 - a) A list of the key personnel (event controller, event safety officer, etc.) and their telephone numbers [Irish Mobiles only] should be included on the site layout plan.
 - b) Stage barriers including the sightline barriers should be clearly indicated on the drawings, complying with Section 8 of the Code of Practice for Safety of Outdoor Pop Concerts and Other Outdoor Musical Events, 1996.
 - c) The access and egress routes including the occupant capacities and exit width dimensions should be clearly indicated for the different areas in use e.g. stages, tented structures, guest areas, etc. and the total occupant capacity for the overall venue.
 - d) The estimated peak occupancies for the general standing/seating areas should be clearly indicated for the different stage layouts.
 - e) Drawings clearly indicating the designated emergency access and egress routes for fire appliances including the location of fire hydrants, water supplies to be used for firefighting operations, places of special risks, control room location etc.

• Signage:

- a) All exit signs should be illuminated.
- b) Directional arrows should be as per standards referred.
- c) Exits to be labelled e.g. 'Exit #', etc.
- d) Exit signage to be separated from signage for other facilities i.e. toilets, drinking water, etc.
- e) Emergency exit and emergency directional signage shall comply with I.S. EN ISO 7010:2020/A6:2023.

Stewarding:

Stewards are to be trained in emergency and evacuation procedures; in particular the duties and responsibilities of stewards should be in accordance with Section 13.6

LOCAL GOVERNMENT ACTS 1925 - 2014

RECORD OF EXECUTIVE BUSINESS CHIEF EXECUTIVE'S ORDERS

- 13.12 (inclusive) of the Code of Practice for Safety of Outdoor Pop Concerts and Other Outdoor Musical Events, 1996.

Vehicle Parking:

Vehicle parking shall not to obstruct exit routes, fire brigade access routes or facilities for firefighting. Vehicles shall be parked in designated parking areas only.

· Records:

A Safety File to be located in situ in Event Control during the event, the folder will include the following and any other required documents.

- LPG Installation (where appropriate) to IS 820- tables O1&O2/N1&N2 will have to be filled in by RGI, Safety officer, duty holder and staff and be available.
- o Electrical installation records to IS 10101+A1: 2024 / RECI certified.
- o Emergency lighting records to IS 3217: 2023.
- o Fire detection and alarm system to IS 3218: 2024.
- o Hydrants to IS 391: 2020 as appropriate.
- Firefighting equipment to IS 291: 2015+A1: 2022, fire blankets to IS EN 1869. Staff/vendor-catering/ in house and security training in use of extinguishers and fire safety.
- o PAT Certs.
- o Safety check of emergency stop generators (if applicable).
- Staff training / catering, in house and security [Other than above].
- Lining materials (staging / marquees / furniture etc) within the last 5 years to a recognised standard.
- Bespoke installation materials within the last 5 years to a recognised standard.
- Any other appropriate safety certificates pertaining to or impinging on fire safety.

Petrol:

No petrol of any amount or device that uses petrol is permitted on site for use by any trader.

Concessions:

- o An electrical unit or any unit shall be 6 metres from a gas unit per page 104/129 Section 22.5 Code of Practice for Outdoor Pop Concerts.
- The operators of any concession units are required to supply their own firefighting equipment and trained personnel to use it if necessary. All catering units must provide certification for all electrical appliances, installations and equipment.
- All concession unit operators will be briefed on safe operating procedures and on the procedures to be followed in the event of an emergency. Refuse from the catering units will be removed regularly and will not be allowed to stockpile in the vicinity of the units.
- The supplier of the concession unit will be responsible for their own fire safety, as follows:

LOCAL GOVERNMENT ACTS 1925 - 2014

RECORD OF EXECUTIVE BUSINESS CHIEF EXECUTIVE'S ORDERS

- All units must provide their own firefighting equipment, consisting of, at a minimum:
 - Non-Cooking Units:
 - 1 x 2kg Dry Powder extinguisher.
 - 1 x 2kg CO2 fire extinguisher.
 - Hot Food Units:
 - 1 x 4kg Dry Powder extinguisher.
 - 1.2x 1.8m2 fire blanket Deep Fat Frying Units.
 - 2 x 2kg ABC Dry Powder extinguisher.
 - 1 x 2kg CO2 extinguisher [ideally 5kg].
 - 1 x 6L Wet Chemical extinguisher.
 - 1.2x 1.8m2 Heavy duty fire blanket.
- o All portable fire extinguishers brought to site by vendors, shall be in accordance with the recommendations of IS 291: 2015+A1 2022 and should be manufactured to the appropriate standard such as IS EN3-7.
- o Fire Blankets shall be to IS EN 1869: 2019 1.2 x 1.8 metres.
- All personnel must be trained to use firefighting equipment [Certification of this should be available on request], emergency procedures and evacuation procedures on site.
- o Units must remove their rubbish on a regular basis to eliminate potential fire hazards, they shall not store rubbish outside designated areas.
- o Concession unit staff must follow any instruction given by the Event Controller or Safety Officer.
- All escape routes are to be kept unobstructed.
- o All concessionary units to be provided with a conspicuously located emergency knock-off switch, for shutting off the gas / electricity in the event of an emergency. All staff to be aware of its location.
- Smoking in or around the catering unit is prohibited.
- All concession units must familiarise themselves with the Emergency Access / Egress routes.
- o In the event of a fire:
 - raise the alarm and ask the public to stand away.
 - If it is safe to do so, fight the fire using the nearest suitable equipment.
 - If danger threatens, evacuate the area.

Generators:

Where generators are coupled the unit shall be 3 metres from other structures at least or greater depending on the risk assessment and no generator that is coupled to another should be nearer than 1 metre to adjacent generator to allow access and cooling. Manual test of emergency stop shall be done by event safety officer and records kept. We require that generators be properly earthed, bonded and signed off by a competent and registered electrician; 2 extinguishers (1 number 5kgs CO2 and 1 Dry powder extinguisher) located by generator.

Gas:

If gas is being used it shall comply with I.S. 820 2019 and DFB Guide to Gas Usage at Events (2021_Ver3). This will require RGI, safety officer, duty holder and staff to sign off Tables O1 & O2 or N1 & N2 of IS 820: 2019/Appendix 2 of

LOCAL GOVERNMENT ACTS 1925 - 2014

RECORD OF EXECUTIVE BUSINESS CHIEF EXECUTIVE'S ORDERS

DFB Guide to Gas Usage at Events as appropriate and shall not trade until they have done so.

• Names and phone numbers:

Event controllers, event safety officers and their deputies and any other integral staff shall have Irish mobile phone numbers - this will ensure that all levels and all location of DFB staff can contact them if required.

Marlay House:

DLRCC to provide Festival Republic with Certs for Marlay House emergency lighting to IS 3217: 2023 and fire detection and alarm to IS 3218: 2024 and all Hydrants to IS 391: 2020.

• E-Scooters and e-Bikes:

E-Scooters and e-Bikes present a serious risk of fire and injury at all times but especially when charging; have you a plan to negate/mitigate their risk? Their fire should not be tackled by staff/volunteers. Dublin Fire Brigade should be contacted immediately. The fumes they omit are toxic.

LOCAL GOVERNMENT ACTS 1925 - 2014

RECORD OF EXECUTIVE BUSINESS CHIEF EXECUTIVE'S ORDERS

Policy on e-Scooters and e-Bikes:

To ensure the safety of all attendees, e-Scooters and e-Bikes will not be permitted inside XXXX during the event. These devices pose a significant fire and injury risk, particularly when charging, and emit toxic fumes in the event of a fire.

Prohibition Inside XXXX;

E-Scooters and e-Bikes are strictly prohibited from being brought into XXXX for the duration of the event. This includes both personal and rented devices.

• Designated Parking Outside XXXX:

Public bike racks located outside XXXX will be available for attendees to securely lock their e-Scooters or e-Bikes. Attendees will be notified of this arrangement in advance through event communications and on-site signage.

Enforcement and Monitoring:

• Security Oversight:

Security staff will monitor entry points to ensure compliance with this policy. Any attendees attempting to bring an e-Scooter or e-Bike into XXXX will be redirected to the public bike racks.

• Attendee Notification:

This policy will be communicated to attendees through pre-event emails, ticketing terms, and clear signage at all park entrances.

Emergency Response Plan:

• No Charging Policy:

To mitigate risks outside XXXX, attendees will also be reminded that charging e-Scooters or e-Bikes at public bike racks or nearby locations is not permitted.

• In the Event of a Fire:

If an incident involving an e-Scooter or e-Bike occurs near XXXX, Dublin Fire Brigade will be contacted immediately. Security personnel will ensure the affected area is evacuated and cordoned off until emergency services arrive.

The Fire Brigade have no objection to the granting of this licence provided that Festival Republic on behalf of MCD Productions confirm in writing that the above points will be addressed.

DLR Co.Co. Parks

A written response was received from Parks dated 7th May 2025, with the following comment:

LOCAL GOVERNMENT ACTS 1925 - 2014

RECORD OF EXECUTIVE BUSINESS CHIEF EXECUTIVE'S ORDERS

Park Access

There will be a reduced capacity in the Grange Road car park from Wednesday 11th June to Saturday 12th July. On events days it will be closed. The car park at College Road will operate as normal except on events days when it will close at 12:00 to facilitate event traffic.

While there will be limited access in certain areas, Marlay Park will remain open to all visitors for the duration of Festival Republic's presence on site. Walking routes will be clearly signposted at the entrances to the Park. On event days, the park will be accessible to pedestrians until 4pm. The site layout and build schedule aims to keep people safe during the construction stage, maximising the availability of the park, to park users and to minimise disruption where possible.

- Marlay Courtyard will remain open for business except on event days when it will be closed.
- Boland's Café and The Wicklow Way Cafe will remain open for business except on event days when they will be closed.
- Playgrounds will remain open as normal except on event days when they will close at 12.00pm
- All-Weather pitches will operate as normal except on event days when they will be closed.
- Grass Pitches will operate as normal except on event days when they will be closed.
- Tennis Courts will operate as normal except on event days when they will be closed.
- Cricket Pitch will be unavailable for use from 9th June 12th July 2025.
- Boules/Putting Green will operate as normal except on event days when they will be closed.

Heras Fencing and Steel Sheild will be removed from areas of the park once they are no longer required in that area.

The total amount of time Festival Republic will be on site will be less than 5 weeks.

Noise from Reversing Alarms

In Ireland, a recent analysis of fatal accident statistics showed that reversing activities were involved in 11% of all fatal workplace transport accidents (HSA.ie, 2024). Audible reversing alarms which warn people of the danger of reversing vehicles are used in conjunction with a combination of other control measures to limit workplace accidents.

LOCAL GOVERNMENT ACTS 1925 - 2014

RECORD OF EXECUTIVE BUSINESS CHIEF EXECUTIVE'S ORDERS

Noise Levels

This will be monitored by the Event Noise Consultant, sound engineers and the HSE. Noise levels will be measured throughout the day of each event. The noise levels should not exceed 75db (a) LAeq over a period of fifteen minutes.

There may be pyrotechnics in use during the event. The licenced event curfew is 11 pm.

Litter Management

Post event the waste contractor will complete a full clean-up of the Park. Festival Republic will also, as in previous years, provide a dedicated off-site litter picking team. All litter/waste will be removed from site and taken to an approved facility. Litter management will be monitored by the dlr throughout the event.

Revenue

Revenue generated from the Concerts is invested in the following areas:

- Environmental Monitoring
- Management of open spaces and investment in recreation in the Marlay Park area
- Walled Garden
- Marlay Craft Courtyard
- Walking route improvements
- Marlay Lakes Maintenance Programme
- Marlay Tree and Hedgerow Management
- Samhain
- Parks operations
- Padraig Harrington Pitch and Putt
- Marlay Park Masterplan
- · Restoration of the ha ha
- New depot for Marlay Park operations

Transport

A comprehensive Traffic Management Plan will be in place for the Concerts and Longitude. The priority will be to ensure that concert goers can access and exit the concert venue as quickly and safely as possible while maintaining traffic flows for regular road users. The Traffic Management Plan has been reviewed and updated in partnership with An Garda Síochána and the National Transport Authority and will emphasise the use of public transport as the preferred mode of transport to the venue.

The plan will include the following: -

 Park & Ride shuttle bus service from Dundrum Town Centre (Marlay Park Concerts only)

LOCAL GOVERNMENT ACTS 1925 - 2014

RECORD OF EXECUTIVE BUSINESS CHIEF EXECUTIVE'S ORDERS

- Shuttle bus service between Dundrum Luas station and drop off location on Stonemason's Way.
- Return bus service from Dublin City Centre to Marlay Park coach & bus park.
- Free bus and coach parking will be facilitated in Marlay Park, accessed via the College Rd gate.
- The junctions on the M50, Northbound and Southbound, will be split between buses and cars to minimise the impact of event traffic.
- Pick up and drop off has moved from Our Lady's car park to Supervalu to minimise the traffic
- Signage, both internally and externally will be improved to guide event goers to their choice of transport.
- Access to Lidl/Centra will be left turn in/right turn out only from early afternoon on each event day until the Grange Road reopens once the road closure has been lifted.

DLR Co.Co. Transportation/Traffic Planning

A written response was received from Transportation Planning (dated 9th May 2025), with the following comment:

- The submitted Draft Traffic Management Plan is noted. A final Traffic Management Plan should be agreed with DLRCC Traffic section prior to the event.
- Provision should be made to facilitate and prioritise public and sustainable transport to the venue insofar as possible. Transport options should be clearly communicated to attendees prior to the event online.
- Provision of secure, supervised and well-lit cycle parking should be made for attendees. This provision should also be clearly communicated to attendees prior to the event. Cycle parking shall also be provided near the entrance on Grange Road adjacent to or in Ballinteer St johns GAA club grounds.
- The provision of accessible car parking should be located as close to the destination venue as practicably possible.
- A licence (T2 Permit) is required for any traffic management measures implemented on a public road outside that which is controlled by An Garda Siochana.

DLR Co.Co. Drainage Planning

A written response was received from Drainage Planning (dated 27th March 2025), with the following comment:

Drainage Planning have no objection to the proposed concerts.

WRITTEN SUBMISSIONS / OBSERVATIONS

The application was also subject to third-party submissions/observations. Three (3 no.) third-party submissions / observations were received in the prescribed period. The issues raised can be summarised as follows:

LOCAL GOVERNMENT ACTS 1925 - 2014

RECORD OF EXECUTIVE BUSINESS CHIEF EXECUTIVE'S ORDERS

Transport

 Significant number of vehicles movements in the park. Priority should be given to pedestrians.

Antisocial matters

Clean up - significant rubbish remains in park despite clean up after concerts.

Signage

 Signage should be improved to direct concert goers how to leave the area after concerts end.

Biodiversity

- Concerts disrupt the biodiversity of the park.
- Temporary structures damage the landscape and wildlife.

Stewarding

 Lack of stewards in housing estates in adjacent South County Dublin Council boundary area.

Other

Use of funds – Is money raised from concerts being spent on the park?

ASSESSMENT

- 1. IMPACT TO MARLAY PARK
- As stated in the Draft Event Management Plan, post event the waste contractor will complete a full clean-up of the Event site; all litter will be removed from site and taken to an approved facility.
- DLR Co. Co. raises no major concerns in relation to the impact of the event on the heritage and special character of Marlay Park. The event is temporary in nature and is of a similar character to many events in Ireland which are held in the grounds of Protected Structures and large parks.

2. IMPACT TO WILDLIFE

In previous years, the Local Authority has been proactive in addressing the impact raised in relation to the maintenance of the park and protection of protected species and wildlife within the park during and outside of concert times. An Ecologist was employed in 2015, 2016, 2017 and 2018 and including following years e.g. 2023 to carry out extensive surveys and to advise the Local Authority on the impact the concerts would have on the wildlife population and any steps that could be taken to improve habitats and the protection of wildlife throughout the year. In 2023 the Council retained the expertise of an ecologist to monitor the impact of the concerts on the wildlife in the Park and to address concerns raised by members of the public. Services which have been sought include installation of bat boxes in core areas of woodland to supplement roosting opportunities for existing population, checks for locations of nesting waterfowl (March/April), surveys of properties to identify maternity roosts in

LOCAL GOVERNMENT ACTS 1925 - 2014

RECORD OF EXECUTIVE BUSINESS CHIEF EXECUTIVE'S ORDERS

the Park, pre-installation of pontoon checks for nestling fledglings and also monitoring of bird species during the concerts, monitoring bat activity before, during and after the concert period to record any changes in activity, installation of static bat detectors, survey post-event activity, and mapping of potential tree roosts to inform park staff of precautions during felling.

As the Parks Department has significant prior experience in managing this issue, there
are no significant concerns in this regard.

3. OPERATION OF THE CONCERTS

- As per the Parks report above, the income generated from these concerts is invested in Parks and Recreation and has contributed towards previous vast improvements in Marlay Park, such as playgrounds, hospitality facilities, sports facilities, parking facilities and some of the free events held (e.g. Samhain and Movies in the Park) as well as public realm improvements around Marlay Park. Funds have been invested in the restoration of the Marlay Craft Courtyard, environmental monitoring, the redevelopment of the College Road Car Park, the removal of breton slabs from the Marlay Ha-Ha and restoration of same, improvements to Marlay Estate railings, improvements to footpaths in the Grange Road area, pitch renewal, park operations, Padraig Harrington Pitch and Putt, Marlay Park Masterplan, new operations depot, walking route improvements, Marlay lakes maintenance programme, Marlay tree and hedgerow management.
- As such, while there is a temporary impact on the park during the events, it is considered that there is an overall long term benefit in terms of its wider year-round function.
- The consultation process has been carried out as required under legislation relating to Event Licences. Newspaper notices were issued as per Article 186(1) of the Planning and Development Regulations, 2001 (as amended).
- Pre-planning consultation minutes are made public following a decision on the event licence application as per the Planning and Development Regulations 2001 (as amended).
- Marlay Park is considered to be a suitable venue by both the Local Authority and the statutory agencies.
- Event opening times, finishing times, and attendance numbers are considered to be acceptable by both the Local Authority and the statutory agencies.
- Sanitation facilities are provided in compliance with the Code of Practice for Safety at Outdoor Events, 1996.

4. DISTURBANCE IN THE LOCAL AREA

- Disturbance to the local area is anticipated to be kept to a minimum and is covered in the draft Event Management Plan.
- A comprehensive Traffic Management Plan will be in place for the concerts and Longitude.
- The Traffic Section of Municipal Services Department DLR Co. Co. have previously stated that the traffic management plan worked in previous years and DLR Co. Co. continue to engage with the prescribed bodies to improve its implementation and workings. Cycle parking has been specifically recommended this year.

LOCAL GOVERNMENT ACTS 1925 - 2014

RECORD OF EXECUTIVE BUSINESS CHIEF EXECUTIVE'S ORDERS

- DLR Co. Co. in conjunction with An Garda Siochána and the concert promoters have developed a robust policing, security and stewarding plan which endeavours to minimise disruption caused by the concerts.
- Sound levels are monitored and measured by the appointed noise control consultant. A detailed Noise Management Plan will be sent to the Environmental Health Noise Department and to the Local Authority in advance of the Event. Sanctions can be applied where there is found to be a breach of the noise level restrictions.
- The Noise and Air Pollution Unit also advises that the appointed noise control consultant shall monitor the music noise levels to ensure noise levels are not exceeded and that the Environmental Health Officer (s) shall have access to the results of the monitoring at any time and a copy of these shall be forwarded to the Environmental Health Officer(s) within 3 working days after the event. The Local Authority act on advice from the Noise and Air Pollution Unit as specialists in this area and noise reports for previous years are available to view on www.dlrcoco.ie
- The location of the stages will be broadly similar to previous years which was so planned to give as much access as possible to park users on concert days.
- There will be some restrictions to local roads as part of the event. The final plan will be prepared in consultation with the relevant statutory bodies and residents associations.
- Cleaning teams work during the shows and after to ensure that no litter remains inside or outside the venue.
- Dedicated hotline numbers are made available to local residents to allow effective handling of complaints and concerns.

5. STEWARDING

- The concert promoters have proposed a detailed security and stewarding plan for the event, which endeavours to maintain good order and public safety.
- Dun Laoghaire Rathdown County Council and South Dublin County Council have engaged in pre-planning meetings to ensure their respective communities/estates have minimal disruption from the concerts.

6. MISCELLANEOUS

- Contractors, Partners and Staff employed on the site will be provided with detailed health and safety information via the health and safety documentation in advance of the build.
- Free parking for buses and coaches was provided on site at the College Road entrance to the park in previous years and will be provided again this year.
- All traders have been advised on acceptable packaging used. Strictly no glass bottles/glasses will be allowed, all cups, food containers, napkins etc are compostable, along with food waste. Traders will dispose of waste generated into 3 bins (recyclables, residual & compostable waste streams).
- In accordance with the Planning & Development Act 2000 (as amended) and the Planning and Development Regulations 2001 (as amended), Dún Laoghaire-Rathdown County Council is the licencing authority for Outdoor Events in its jurisdiction.

LOCAL GOVERNMENT ACTS 1925 - 2014

RECORD OF EXECUTIVE BUSINESS CHIEF EXECUTIVE'S ORDERS

- DLR will continue to work with the concert promoter and An Garda Siochána to ensure any instances of Anti-Social behavior are kept to a minimum and dealt with immediately.
- There will be a reduced capacity in the Grange Road car park from Wednesday 10th June to Friday 12th July and on events days it will be closed. The car park at College Road will operate as normal except on events days when it will close at 12:00 to facilitate event traffic. While there will be limited access in certain areas, Marlay Park will remain open to all visitors for the duration of Festival Republic's presence on site. Walking routes will be clearly signposted at the entrances to the Park. On event days, the park will be accessible to pedestrians until 4pm. The courtyard and cafes will be closed on concert days.

THIRD PARTIES

The third-party submissions have been duly noted and summarised above, with concerns raised addressed where appropriate in the relevant sections of the report above and all planning issues pertaining to the proposed development taken into consideration in the assessment of same. It is further noted that some of the issues raised are also raised and addressed by the public bodies/internal department reports and can be managed by way of conditions should permission be granted for the event license.

APPROPRIATE ASSESSMENT (AA) SCREENING

The proposed development has been screened for AA (report on file) and it has been determined that the proposed development alone or in combination would not significantly impact upon a Natura 2000 Site.

The proposed event is located c. 3.5 km away from the nearest European site. The AA screening process has considered the potential effects which may arise during the construction, operational and decommissioning phases as a result of the implementation of the proposed event. The proposed site is connected to a number of European sites in Dublin Bay via an indirect hydrological pathway through an existing surface water network. Through an assessment of the pathways for effects and an evaluation of the project characteristics, taking account of the processes involved and the distance of separation from European sites, it has been evaluated that there are no likely significant adverse effects on the qualifying interests, special conservation interest or the conservation objectives of any designated European site. The ecological integrity of the European site/s is not foreseen to be significantly affected by the project.

Given the nature of the proposed event, its scale, the localised and temporary nature of the construction and operational effects identified as potential sources, the proposed development will not lead to a significant in-combination effect with any other plans or projects.

LOCAL GOVERNMENT ACTS 1925 - 2014

RECORD OF EXECUTIVE BUSINESS CHIEF EXECUTIVE'S ORDERS

Following, the proposed event is not anticipated to give rise to any significant adverse effects on any designated European sites, alone or in combination with other plans or projects and a Stage 2 Appropriate Assessment is not required.

ENVIRONMENTAL IMPACT ASSESSMENT (EIA) SCREENING

Similar to the above, having regard to the nature and scale of the proposed development, which comprises an event license for a temporary outdoor cultural event, in a fully serviced urban location, it is considered that there is no real likelihood of significant effects on the environment arising from the proposed development. The need for environmental impact assessment can, therefore, be excluded at preliminary examination and as such a screening determination is not required.

SUMMARY

The Local Authority has had regard to the pre-application consultation, the information relating to the application furnished to it by the applicant in accordance with the Planning and Development Act, 2000 (as amended) and the Planning and Development Regulations, 2001 (as amended).

It is considered that the application for an event licence complies with the requirements of the Act and Regulations. It is recommended that the outdoor event licence is granted, subject to the following conditions, which accord with Section 231 (3) and (4) of the Planning & Development Act 2000, (as amended).

CONDITIONS

- The Outdoor Event Licence shall be for the following dates 24th and 28th of June, 1st, 5th and 6th of July and two more concerts to be confirmed between 24th June and 10th July 2025 inclusive. The Outdoor Event Licence shall be for a maximum capacity of 40,000 people each day. All plans and proposals submitted as part of the application shall be implemented in full save as may be required by other conditions attached hereto.
- 2. A Final Event Management Plan shall be formally agreed with Dún Laoghaire-Rathdown County Council, Dublin Fire Brigade H.Q., Health Service Executive and An Garda Síochána a minimum of two weeks (10 working days) before the first event and written confirmation of agreement shall be submitted to the Council prior to commencement of the event. Subsequently, the agreed Final Event Management Plan shall be implemented in full.

AN GARDA SIOCHANA

3. Road closure times cited in the Draft Traffic Management Plan may vary depending on the circumstances of the day and if public duty dictates. An Garda Síochána shall make any decision in this regard.

LOCAL GOVERNMENT ACTS 1925 - 2014

RECORD OF EXECUTIVE BUSINESS CHIEF EXECUTIVE'S ORDERS

- 4. In the case of a disagreement in respect of classification or level of abatement, the final decision lies with the Regional Assistant Commissioner for where the event takes place in accordance with the Provision of Garda Services For Certain Events & Associated Charges Policy
- 5. Sufficient Garda personnel numbers as determined by the Chief Superintendent DMR South shall be employed at the events to ensure that they are properly policed. All Garda costs associated with the Policing Plan shall be defrayed by the event promoter. The number of members of An Garda Síochána to be deployed shall be decided by the relevant Chief Superintendent, DMR South.

HSE

- 6. Any additional requirements of the Emergency Management Office of the Health Service Executive shall be resolved directly with the office prior to the event.
- 7. The Planning regulations require an Event Management Plan to be produced which should include an event medical plan, in accordance with the Code of Practice for Safety at Outdoor Pop Concerts and Other Musical Events (Dept. of Education 1996). All event medical plans shall be developed in accordance with the recommendations of the Health Service Executive, Emergency Management Office.
- 8. The event medical plan for this event shall be agreed with all medical providers and submitted to the Health Service Executive, Emergency Management Office, no later than two weeks prior to the event.
- 9. Medical / First aid activity [if any] at the event shall be recorded, compiled in an event medical report and forward directly to the Health Service Executive, Emergency Management Office, within one month after the event to include the following information:
 - a. Number of patrons accessing medical / first aid services.
 - b. Number of patrons requiring actual treatment.
 - c. Number of patrons removed to hospital.
 - d. Types of injury / illness
 (Names and personal details are not required)
- 10. This licence may be suspended by the Licensing Authority at the request of the Health Service Executive due to issues of public safety in relation to major public health risks. The HSE Health Protection Surveillance Centre (HPSC) provide the most up to date guidance and supporting documents which are all available at www.hpsc.ie. The granting of this licence is subject to the event organisers adhering to government and local public health requirements applicable to the area in which the event is to take place. It must be noted that public health requirements may change between the time of the granting of the licence and the date in which the event is to be held. In this case the most up to date government and local public health requirements must be adhered to by the event organiser.

LOCAL GOVERNMENT ACTS 1925 - 2014

RECORD OF EXECUTIVE BUSINESS CHIEF EXECUTIVE'S ORDERS

- 11. Access shall be facilitated to the immediate area for Health Service Executive Community Services providing domiciliary care services to the population adjacent to the venue.
- 12. Where Hospitals, Health Centres or Residential units are located within Traffic or Pedestrian restricted areas associated with the event, access for Staff, Clients and Visitors shall be maintained.
- 13. Additional conditions for this event:
 - A separate medical plan is required per event in Marley Park 2025.
 - A meeting with Code Blue and HSE Emergency Management in advance of the first event to discuss medical provision and medical provision outside the event.

EHO

Sanitary Services

14. The numbers of sanitary accommodation (including a minimum 2 disabled toilets) must comply with the standards set out in the Code of Practice for Safety at Outdoor Events (Department of Education 1996). The following is required:

	WC	URINAL
	Units: No. of Persons	Units: No. of Persons M. Lengths
Female	10 : 1000	-
Male	2 : 1000	8 : 1000 or 3.6m : 1000

- 15. Toilet blocks must be placed in suitable locations that are easily accessible at all stage areas.
- 16. All sanitary accommodation units must be in situ and in proper working order a minimum 24 hours prior to the commencement of the outdoor events and are accessible for inspection by the Environmental Health Service.
- 17. Separate sanitary facilities (including wash hand basins and hand drying facilities) for food workers must be provided in addition to and separate from sanitary facilities for other users.
- 18. A suitable non-slip surface, adequately drained must be provided to all sanitary accommodation areas.
- 19. It is recommended that no non-flush chemical toilets are to be used.

LOCAL GOVERNMENT ACTS 1925 - 2014

RECORD OF EXECUTIVE BUSINESS CHIEF EXECUTIVE'S ORDERS

- 20. There must be wall-mounted receptacles which dispense liquid antibacterial gel. These must be supplied in sufficient numbers outside each block of toilets and they must be in proper working order for the duration of the outdoor events. The gel shall be replaced as required. Signs of sufficient size stating "anti-bactericidal gel" must be erected in areas where the public can see.
- 21. It is the responsibility of the Event Organiser to ensure that all sanitary facilities are maintained in a clean and hygienic condition. Record keeping of the cleaning programme may be reviewed by the Environmental Health Service.
- 22. The requirements of the Drainage Section of Dun Laoghaire Rathdown County Council in relation to the disposal of wastewater from the sanitary accommodation and urinals shall be adhered to.

Drinking Water

- 23. Drinking water must be in compliance with the European Union (Drinking Water) Regulations 2014. A Drinking Water Safety Management Plan must be contained within the Event Management Plan and this plan shall include Microbiological and Chlorine sampling of the proposed water source. The microbiological sampling must be carried out to the mains water public supply to confirm that the drinking water complies with the above regulations. This sampling must be taken a Minimum of 14 Days before the date of the first event.
- 24. Microbiological sampling must also be taken from the drinking water outlets (after the pipework/distribution system has been flushed) prior to the commencement of the outdoor events. The water distribution network should be super chlorinated and flushed prior to use in order to ensure that the network s sanitised and suitable for the distribution of potable water and a record of this should be maintained by the 'event Organiser.
 - Results of all water analysis must be sent to the Environmental Health Service prior to the commencement of the outdoor events.
- 25. A Drinking Water Contingency (Emergency) Plan must be prepared and implemented in the event of drinking water contamination or an insufficient supply of drinking water. Any serious incidents shall be notified immediately to Irish Water and Dun Laoghaire Rathdown County Council. The use of emergency potable storage back up tank is advised, such storage tank must be capable of supplying enough water to the event in the case of an emergency and the water must be in compliance with the aforementioned regulations. Adequate disinfection of the emergency supply must be undertaken prior to use.
- 26. A map of all drinking water pipe connections (permanent and temporary) and the location of original water sources must be drawn up and maintained by the Event Organiser.
- 27. It is recommended that chlorine testing should be taken throughout each day of the event, at the point of use locations around the site to indicate that adequate levels of

LOCAL GOVERNMENT ACTS 1925 - 2014

RECORD OF EXECUTIVE BUSINESS CHIEF EXECUTIVE'S ORDERS

chlorine are reaching all areas of the site. The chlorine results should be documented and maintained by the Event Organiser. If low levels of chlorine are recorded, then remedial action should be taken as a matter of priority.

28. A minimum of one drinking water supply point shall be provided per thousand persons attending each event. The drinking water facilities should be dispensed through spring-loaded taps and should have adequate waste drainage. The drinking water points must be located near the main stage areas and adequate signage must be put in place to indicate the drinking water supply points. The drinking water supply points must be thoroughly cleaned and sanitised prior to the commencement of the outdoor events and also during each day of the events. A suitable non-slip surface that is adequately drained must be provided at each location.

Noise Monitoring

- 29. The music noise level shall not exceed 75 dB LAeq) over a fifteen minute period, at 1m from the façade of any noise sensitive premises for the events being held.
- 30. The applicant shall appoint a qualified and experienced noise control consultant to liaise between the event promoter, the sound engineer and the Environmental Health Officer for Noise control on all matters relating to the noise control prior to and during the event.
- 31. The appointed noise control consultant shall monitor the music noise levels at 30min intervals to ensure noise levels are not exceeded. The Environmental Health Officer (s) shall have access to the results of the monitoring at any time and a copy of these shall be forwarded to the Environmental Health Officer(s) within 3 working days after the event.
- 32. The applicant shall comply with the specific noise levels at the nearest noise sensitive area during rehearsals, sound checks and the event. Sound checks shall not be carried out during state exams.
- 33. There shall be no activities carried outside of the permitted hours that are likely to cause a noise nuisance to residents such as dismantling the stage, movement of equipment etc.

UISCE ÉIREANN

- 34. Where the Event Manager / Promoter proposes a new connection to public water mains, they shall sign a connection agreement with Uisce Éireann prior to any works commencing and connecting to the network and adhere to the standards and conditions set out in that agreement.
- 35. The Event Manager / Promoter should be cognisant of the potential impact that such an event could have on the water environment and should encourage water quality protection and water conservation as part of the event management. Traditionally, Local Authorities would have assisted local events in the provision of water services either directly or in conjunction with neighbouring Local Authorities. Uisce Éireann, the national water utility, now has responsibility for the delivery of water and wastewater services to homes and businesses.

LOCAL GOVERNMENT ACTS 1925 - 2014

RECORD OF EXECUTIVE BUSINESS CHIEF EXECUTIVE'S ORDERS

- 36. Wastewater collected at temporary sanitary facilities must be disposed of in an appropriately licensed waste or wastewater treatment facility. If the intended disposal route is to import the wastewater to an Uisce Éireann wastewater treatment plant, then the Uisce Éireann imported wastewater application process must be adhered to by the Event Manager. The Event Manager must apply to Uisce Éireann a minimum of eight weeks in advance of any imports being received. An application form can be requested by emailing imports@water.ie or made via the attached link.
- 37. The Event Manager should endeavour to ensure that any temporary food outlets are operated appropriately in relation to the disposal of oils, fats and greases in order to minimise impacts on the wastewater collection and/or treatment system.
- 38. There shall be no build over of public infrastructure from these proposals. Separation distances as per Uisce Éireann's Standards Codes & Practices shall be achieved where public infrastructure is in situ within and/or adjacent to site boundaries*.
- 39. The development shall not impact public drinking water sources and/or abstraction point(s) and/or abstraction infrastructure**.
- 40. All development shall be carried out in compliance with Uisce Éireann Standards codes and practices.

DUBLIN FIRE BRIGADE

- 41. The requirements of Dublin Fire Brigade including the necessary fire certs, fire management plans, drawings, signage, stewarding, access arrangements, risk assessment (MOE), and fire safety standards etc. as per their reports in connection with these events shall be complied with.
- 42. The applicant shall comply with the 'Guide to Gas Usage at Events, 2021' with staff to sign off Tables O1&O2/N1&N2 of IS 820:2019/Appendix 2 of guide to gas and 'Code of Practice for Safety at Outdoor Pop Concerts and other outdoor musical events, Dept of Education 1996'

TRANSPORTATION/TRAFFIC

- 43. A final Traffic Management Plan shall be agreed with DLRCC Traffic section prior to the event.
- 44. Provision shall be made to facilitate and prioritise transport to the venue insofar as possible. Transport options shall be clearly communicated to attendees prior to the event.
- 45. Provision of secure, supervised and well-lit cycle parking shall be made for attendees. This provision should also be clearly communicated to attendees prior to the event.

LOCAL GOVERNMENT ACTS 1925 - 2014

RECORD OF EXECUTIVE BUSINESS CHIEF EXECUTIVE'S ORDERS

- 46. The provision of accessible car parking shall be located as close to the destination venue as practicably possible.
- 47. A licence (T2 Permit) is required for any traffic management measures implemented on a public road outside that which is controlled by An Garda Siochana.

OTHER

- 48. A suitably qualified ecologist(s) shall be engaged to carry out environmental monitoring of the park area with regard to wildlife, bats, birds etc. during the period from construction to take down of the concert structures including during the concerts themselves. All costs associated with this monitoring shall be defrayed by the event promoter. Detail in relation to this environmental monitoring shall be agreed with the Local Authority at least one week prior to the first concert. Monitoring information and results/comments following this monitoring shall be submitted to the County Council for their information within twelve weeks of the date of the final concert.
- 49. Non-compliance with any of the above conditions shall result in a fine not exceeding €10,000 for each and every occurrence.

Ciarán Power

a/Senior Executive Planner,

Planning Department

Ger Ryan,

Senior Planner

Planning Department

Order: License to be granted in accordance with Article 192 of the Planning and Development Regulations 2001 (as amended).

Dated:

Approved Officer:

There unto empowered by order of Príomhfheidhmeannach, Comhairle Contae Dhún Laoighaire-Ráth An Dúin, Order No. 2617, dated 10/03/25 delegating to me all the powers, functions, and duties in relation to the County Council of Dún Laoghaire-Rathdown in respect of this matter.
