**Re: Section 50 Application – Proposed new foot bridge on Carrickmines river,  
Cherrywood, Co. Dublin.**

Dear Mr. McMahon,

I refer to the above Section 50 application received by this office.

The documentation submitted has been examined and I recommend that the consent of the Commissioners of Public Works under Section 50 of The Arterial Drainage Act, 1945 be given for the proposed culvert as follows:

For a single span pedestrian/cycle bridge, 4m wide with a 12.1m span and 2.07m soffit clearance of channel bed level, as per that detailed on the submitted drawings;

Sheet Number SHT-1800.1, Carrickmines River Bridge No. 1 General Arrangement  
Rev B Section 50 application.

It should be noted that consent is given only for the purpose of Section 50 and does not absolve the recipient of responsibility for any adverse effects caused by this installation to any third party.

The Commissioners of Public Works are not responsible and accept no liability for any loss or damage whatsoever caused because of this development.

Yours sincerely,

A handwritten signature in blue ink, appearing to read 'Karen Donovan'.
