This strategic noise map presents a graphical representation of weighted predicted annual average road traffic sound levels in Dun Laoghaire Rathdown County Council. The map has been developed in accordance with S.I. No. 140/2006 (the Environmental Noise Regulations) and is a representation of the average environmental sound levels over one complete year. This map forms part of a national noise mapping strategy which can be primarily used as a strategic tool for large scale planning or policy matters and not suitable for local noise assessments.
