

# Taney Road to N11

## Active Travel Route

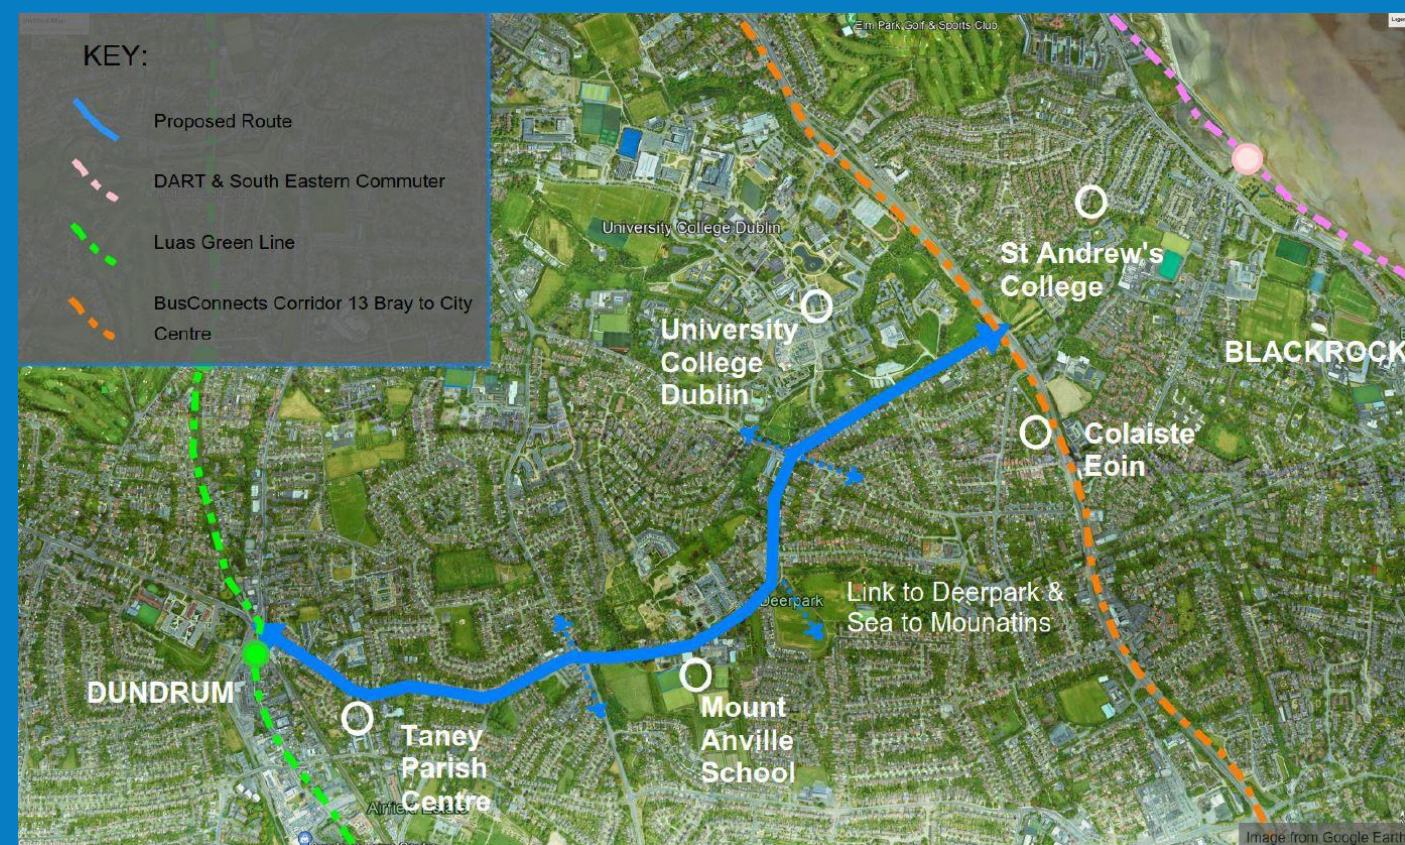

**DLRCC is seeking to establish a high quality active travel route along the R112 between Stillorgan and Dundrum.**

The scheme is focused on improving safety, reducing motorised traffic speeds, and upgrading active mobility infrastructure along the R112. The proposals include:

- Reducing the existing road width along the R112 to facilitate slower traffic speeds;
- The upgrade and introduction of a segregated cycleway along the R112
- The upgrade of existing crossings for users; to provide easy and safe routes to key destinations on either side of the street;
- The provision of additional crossings for users at key locations, based on the consideration of desire lines ;
- The upgrade of existing junctions to facilitate safer walking and cycling movements; and
- The integration of continuous footways and cycleways at side streets to enable safe and easy transition to side streets.

## The Proposed Route

**Visualisation of the proposed changes to the Goatstown Junction**

## Have Your Say!

**DLRCC has launched as Citizen's Hub Consultation seeking the public's view on the proposals.**

### Engagement Process

- We are hosting an online informative webinar on 25<sup>th</sup> May 2022 from 6-8pm. Register for the event: <https://bit.ly/3sh5fzn>
- We have published our Emerging Preferred Route, our alternative options report, our traffic operational assessment and consultation documents and we want your input!

### Have Your Say!

We want to hear from you! As part of this process, our engineers will be available at our **Dundrum office on 16<sup>th</sup> May 2022, from 4-7pm** to discuss and listen to your suggestions. Please drop by and get involved.

**Venue address:** Dundrum Office Park, Main Street, Dundrum, Dublin 14, Ireland

### How to get involved!

The preferred plans and reports for the proposed scheme will be available to view online at our Citizen Space Hub. Submissions or observations on the proposed scheme may be made during the consultation period. Submissions/Observations may be made as follows:

- Online at our Citizen Space Hub
- In writing to: Senior Engineer, DLRCC Infrastructure & Active Travel, 2 Marine Rd, Dún Laoghaire, Dublin, A96 K6C9,

Ireland

A hard copy of the full set of drawings in A3 size can be made available for purchase for a fee of €20. Please make your submission or observation by one medium only i.e. online or in writing. Any submissions shall state your name, address and where relevant, the body or organisation represented. We want to hear from you! As part of this process, we invite your feedback on the proposed route! So please get involved
